Highway 94 Plans to be Revealed

Peggy Joe, just like any other Lemon Grove youngster, seems delighted that she has tickets for rides at the carnival and circus which will be in Lemon Grove next week. Peggy Joe is a model for Patricia's dress shop, one of the sponsors of the circus.

Carnival Ride Tickets Available at Stores

Merchants Pass Out Free Ducats For Visitors to Circus Midway

Lemon Grove merchants have begun passing out tickets for rides at the carnival which will be in Lemon Grove next week.

The Ross Kabat circus, which will accompany thecarnival, is free.

With the tickets being passed out by merchants, visitors can ride on the Ferris Wheel, Merry-Go-Round, Tilt-a-Whirl, Octopus, Mixup, Fly-a-Plane or Rock 'n' Roll for only 10 cents a ride. Without a ticket, the rides are 25 cents.

The circus and carnival are scheduled to open at 10 a.m. Thursday, July 16, on the lot between the First National Bank and Food Basket grocery store.

—●—

You can get your tickets NOW at most Lemon Grove stores. See Page 3 of this newspaper today for a list of merchants who have them. Tickets will be available from July 9 through July 19.

On Thursday, Friday and Saturday, the carnival will be open from 10 a.m. to 10 p.m., with at least three performances of the circus each day.

On Sunday, the circus and carnival will open at 2 p.m., after morning church services are ended.

In the circus will be Margie, the smallest and youngest performing elephant in the country. Only two years old, she weighs 500 pounds and has mastered a repertoire of a dozen tricks.

Along the midway at the carnival will be game booths where visitors can throw darts at balloons, toss baseballs for prizes, pitch coins into glasses, go fishing in a bowl, try their skill at winning a Panda doll

For the tinier youngsters, there will be rides especially tailored to size; they will be able to ride Bulgie the fish, tiny autos or boats or swing in the swings.

The Dimmer View

by MAX GOODWIN

The luck of Mrs. Joseph Leone, 1731 Colfax Drive, isn't all good. She is the winner of that big $1,000 jack pot local merchants sponsored earlier this year.

The other hot afternoon when she took her family to the Carman Ranch Club swimming pool she was shocked to discover something moving in her swim cap after she clapped it on her head. "It felt about the size of a small snake or a large spider," she said later, but when she discovered the object she had the rare presence of mind to tear off the rubber cap and hold it under the water to drown the object.

Other swimmers, helping in the rescue, found the object to be Mrs. Leone's new wrist watch, the one she had bought with part of the proceeds from the jack pot. The watch had become enmeshed in the swim cap in her purse on the trip to the pool.

There was an intriguing piece in a recent issue of LIFE MAGAZINE in which a chart was run on a young buck, 28 years of age, who earns $1,000 a month, has only $29 a month potential savings.

The magazine spells it out for this family with three children. Their budget allows for only these frivolities: Liquor, $15; eating out (once a week) $30, and baby sitters, $20.

All else is listed in two categories: Fixed Monthly Expenses, $498, and Unavoidable Expenses, $408.

Fixed items include taxes at $113; house payments, $135 and $80 a month on the family's only car.

They have payments of $39 on an air conditioner; $25 on a washer-dryer; $17 on a sofa and $10 on a fence building loan. Telephone, heat and electricity are listed at $25, $12 and $12 respectively. Their water bill is $3; life insurance $5 and car insurance $18.

In the "unavoidable" category they list $200 for food; $80 for department store (mostly clothing) bills and $30 a month for

State Treasurer Draws Good

Chamber Dinner Tickets Sales Termed 'Brisk'

Ticket sales for the Lemon Grove Chamber of Commerce semi-annual report-dinner are "brisk" according to Jesse E. Lee, chamber manager. State Treasurer Bert Betts of Lemon Grove will be the speaker.

Lee said a lot of hometown folk are interested in hearing the highest state official ever to be elected from this county when he addresses chamber members and their guests Friday night at 7:30.

The dinner meeting will be held at Michael's and will be preceded by a no-host cocktail hour starting at 6:30, according to Bill Parker, chamber president.

Non-members of the chamber are invited to attend. "What Mr. Betts has to say is important to every resident in the area," he said. Betts lives in Lemon Grove at 8145 Palm Street.

Reservations may be made at the chamber office by calling HOpkins 9-9621, or tickets may be acquired at Michael's Friday at the time of the dinner. The affair will be held in the main dining room and 200 persons are expected to attend. Tickets are $4 each including choice of chicken, lobster or steak dinner.

Betts said that his speech would be in the nature of a report to the people on treasury activities. He stated, "Fiscal responsibility has been and will continue to be, the watchword of my office and of the whole administration in Sacramento. I am pleased to be a member of the team in these most trying times."

Betts will be accompanied by John B. Dail, deputy state treasurer, whose brother is Mayor Charles Dail of San Diego.

Hearings Scheduled On Zone Changes In Spring Valley

SAN DIEGO (CNS) — Public hearings on zone changes asked for two Spring Valley areas, in Casa de Oro and La Presa, are to be held Friday morning before the County Planning Commission.

A group of seven property owners, headed by Melvin L. Chaney, have filed an application for half-acre zoning for 12.5 acres on Conrad Drive and Resmar Road, south of Grandview, Casa de Oro. The land is now zoned for acre building sites, and the applicants report they are considering the land for subdivision purposes.

The La Presa zone change is being sought to start the third unit of Spring Valley Ranchos. Ernest J. Billman is the applicant, and the change is sought for 39.5 acres at the intersection of Skyline Drive and Cardiff Street.

Irrigation District Tax Rate Drops 30c

Directors of Helix Irrigation District this week voted to drop the district's tax rate from $1.10 per $100 valuation down to 80 cents.

But at the same time they noted that the decrease in the tax rate won't make much difference in the bills which property owners will have to pay.

The tax rate, officials said, is used to pay off bonded indebtedness. The payment is almost the same year to year. Last year, the tax levy was $373,225.34. This year it will be $366,490.57.

Last year, it took a rate of $1.10 to raise the needed money. This year, following the values set by the county assessor, the property values are higher, so a tax rate of 80 cents will produce just as much money as the $1.10 did last year.

El Cajon Valley residents, who brought an indebtedness with them when they annexed to Helix Irrigation District a few years ago, will have to pay a tax rate of $2.52.

And, as District directors adopted the new tax rate, they also adopted an operating budget for the year and announced that despite a higher budget, water rates won't go up.

A $3,378,908 budget (up $330,-

County Solves Legal Advertising Problem in Area

SAN DIEGO (CNS)—The County this week solved its legal advertising problems for the "metropolitan" area around San Diego by naming two papers, one the Independent, in most communities from which departments can make their pick.

The action was taken because the San Diego Independent was the low bidder in a number of areas and the competing newspapers allege that it is not a local newspaper in those same areas. In addition, a suit has been filed against the Independent by Western Newspapers, Inc., publisher of the El Cajon Valley News, alleging that the former is not a legal newspaper in El Cajon.

A week ago the County Board of Supervisors awarded contracts for the 1959-60 legal advertising for the North County, but they withheld action on the newspapers in the San Diego area.

Tuesday, the following designation was given for the locally published newspapers: "For publishing items where publication is required to be published in (name of community) if there be a newspaper published in (name of community) or where the public interest demands publishing of the item in a newspaper to which the citizen would go to look for news of the day."

The newspapers thus described are the El Cajon Valley News, the La Mesa Scout, the National City Star-News, the Chula Vista Star-News, the Lemon Grove Review, the Coronado Journal and the Imperial Beach News. In the City of San Diego, the Transcript and San Diego Union are similarly described, and the Union is referred to as "county-wide," the only such paper.

Figures on how much the county spends on legal advertising have not yet been collected by the chief administrator's office for the fiscal year just ended. However, the total for all departments is reported to be under $100,000. The Board of Supervisors' advertising comes to about $35,000; that of the tax collector $20,000; that of the registrar of voters, $7,500, and that of the planning department, $750. Other departments which use legal advertising, but for which figures are not available, are the Superintendent of County Schools, the Civil Service Department and the Auditor and Controller.

Former Atomic Exec. To Speak

The Lemon Grove Men's Club reconvenes Friday after a week's respite from the ardor of weekly speechmaking. Morris Sankary, a San Diego attorney, will provide the program this week. Sankary is former attorney for the Atomic Energy Commission under Gordon Dean, and was appointed to the U. S. Attorney's office in Los Angeles and in San Diego.

The Men's Club meets every Friday at noon at Michael's. It is not necessary to be a member of the club to attend the meetings since there are no initiation fees or dues. All men are invited.

Workers from Muns Construction Co. have begun installation of drainage structures along Imperial Avenue near Cypress. Work is preceding improvement of Imperial Avenue under a separate contract.

Imperial Ave. Improvement To Get Under Way Monday

Kenneth H. Golden Co., Inc., has been awarded a $191,000 contract by the County of San Diego for improvement of Imperial Avenue , between Cypress and North Avenue, in Lemon Grove. Work is scheduled to begin on the mile-long project Monday.

As a result of the four-and-a-half-month project, the heavily traveled section of Imperial Avenue will be realigned and rebuilt as a four-lane, divided highway.

To surface the new highway, 7,500 tons of hot asphaltic concrete will be used. Over 7,000 cubic yards of earth will be moved to prepare the new roadbed for surfacing.

Imperial Avenue will be open to traffic during construction of the improved highway, and present plans indicate that even during peak periods traffic will not be appreciably delayed.

County Property Assessments Rise $100,000,000

SAN DIEGO (CNS)—Assessments on county property are expected to be about $100,000,000 higher for the present fiscal year than a year earlier, based on the assessment rolls filed Thursday by Assessor John McQuilken.

McQuilken presented 210 volumes of secured tax rolls and 23 volumes of unsecured rolls to the County Board of Supervisors.

Estimates of the $100,000,000 increase in assessments were made by McQuilken. This figure would be approximately 10 per cent higher than a year ago, and McQuilken filed 10 per cent more volumes of assessment rolls. The total for secured assessment was 210, compared with 190 a year before. Unecured volumes totaled 23.

A gain of $100,000,000 in assessments means about $2,000,000 more in tax rolls, based on the 1958-59 rate of $1.98 per $100 of assessed valuation.

The county will have to raise about $8,500,000 more this year to meet its record budget of $70,800,000. The tax rate for the coming year will not be set until late in August.

T. M. Heggland, chief administrative officer, continues to refuse to estimate the coming tax rate, beyond what he said in his May 1 budget report: "A tax rate increase appears unavoidable."

Heggland said when the assessments were filed that it would take the auditor's office about two weeks to total the figures.

Meeting Scheduled Monday

Jacob Dekema, district engineer for the California Division of Highways, is expected next Wednesday to reveal the state's plans for improving Highway 94 in the Casa de Oro area.

Dekema is scheduled to be principal speaker at the Casa de Oro Chamber of Commerce meeting Wednesday at the Henry Langhorst Cafe at the juncture of Sweetwater Springs and Jamacha boulevards.

Interest is expected to be high, as development in the Casa de Oro area hinges in great part on development of the highway, which serves as the main business street in the community.

The Division of Highways early in June informed the County Board of Supervisors that the state is willing to pay part of the cost of widening and paving Highway 94 in the Casa de Oro area.

The Board had asked for state aid in an improvement project being undertaken by local property owners.

David K. Speer, road commissioner, informed the Board that the state had agreed to give the aid. He said that a cash contribution would be made, and that the county would be permitted to supervise the construction.

Meanwhile, the Division of Highways informed the supervisors that the congestion on the highway can be solved only by a freeway.

Thus, Dekema's talk to the chamber of commerce on Wednesday is expected to reveal several facets of the future of Casa de Oro—with particular emphasis on what the state is planning.

The chamber will hold a dinner meeting, starting at 7:30 p.m. at the Langhorst Cafe. Cost will be $2.60 per plate, with reservations if necessary. Reservations can be made by calling the Casa de Oro Chamber of Commerce, HO 9-8418, by Monday.

Burglars Steal Carts To Carry Stolen Goods

Ingenious burglare broke into Rey's Hardware store in Lemon Grove sometime Sunday night, R. S. Rey, owner, said.

They stole $800 worth of electrical hand tools, small electrical appliances and some other tools, then carted them off in wheeled laundry carts—also stolen from the store.

Foster Named Head Of High School Board

Clarence Foster, perennial chairman of the board of trustees of Grossmont High School District, was reelected to the position this week.

Foster has served as chairman of the board since July, 1942.

Mrs. Portia Goode was named clerk of the board. Robert E. Brown was seated as a board member, replacing Lester Freeman who did not run for reelection this year.

The board approved course of study, travel for board members and continuation of mileage rate of 8 cents per mile for use of personal car on school business.

The budget for publication was adopted with a current expense budget of nearly $5,000,000 and a total budget of $6,131,485. This includes reserve funds, undistributed reserve and capital outlay items. This budget is estimated to call for an increase in the current operation tax levy from $1.17 to $1.25. However, this is to be offset by reduction of 23 cents in the debt service requirement which will effect an estimated reduction of 15 cents in the total levy from $1.91 to $1.76.

The board also authorized sale of bonds according to capacity which may develop during the school year. This is estimated at about $1,200,000 and will maintain district eligibility under State School Building Loan Fund.

Report on summer school enrollment showed a total enrollment slightly less than 5,000 or 52 per cent instead of the 5,500 previously reported.

Health Department Warns of Hazards In Food Handling

To the wise, this season is a time of caution, says the County Department of Public Health. It is a time to use meticulous care in preparing food to be served outdoors, a time to keep hot foods hot and cold foods cold until the very hour they are to be served.

Carless handling of food can contaminate it. In warm weather the bacteria that cause food poisoning diseases multiply unusually fast. Some foods provide ideal conditions for bacteria growth. Highest on the danger list are the cream or custard filled desserts, creamed dishes, meat or salmon loaf or any dish made with ground meat.

To protect food you serve keep persons with infections out of the kitchen, the health department warns. Prepare foods with clean hands. Serve with tongs or silverware, not your hands. Cover food against dust, flies or a sneeze. Keep hot foods piping hot and cold foods well refrigerated until time to serve. If you cannot keep them properly hot or cold, then serve as soon as prepared.

God's Minute

"GOD'S NEW CREATION"

A Christian is not a patched-up sinner. A Christian is a sinner whose sins are forgiven and who has become a new creation within his personality. A new life is born in the person who accepts God's free gift of forgiveness. Instead of trying to cover the ugly spots of sin with patches, go to God in prayer and ask that the spots be washed away in Jesus' blood.

Jerry Watmore: Charm And Championships

(Editor's Note: Fifteen-year-old Jerry Watmore, 2509 Central Ave., Spring Valley, will compete on July 16 in the national Women's Open championship diving meet in Redding, Calif. Holder of several local championships, Jerry was among the top 10 of the national women's diving champions two years ago. Following is a report on an interview by this paper's news editor.)

By Don Wilson

The young lady looked up with an impish grin as I approached the front door of her house.

And I lost all of the cynicism built up by quite a few years as a newspaper reporter. (Newspaper reporters are always tough, cynical and filled with skepticism.)

I had gone to the home of Jerry Watmore on Central Avenue in Spring Valley because I had been told that she is a future national diving champion.

"Sure," I had said to Ray Yeakle, swimming instructor at El Nadadero Club, "you trained this kid and so you think she's great. Okay, I'll go talk to her.

And here I was at Jerry's home and she was sipping a tall glass of iced tea. I was sipping one too, courtesy of Mrs. Watmore.

By this time, I had lost my cynicism. For all I cared, Jerry could be a champion or not—but she certainly was one of the nicest kids I'd ever met. You know: turned up nose, freckles, big grin, sort of bashful but with a lot of poise.

I asked her about herself and she sort of stammered a bit about a couple of trophies and some medals. Then Mrs. Watmore came to Jerry's rescue.

"Show him your scrap book," she said.

And Jerry went into another room and returned with a book filled with pictures and clippings. Most of the stuff concerned Jerry, but there were a few about Pat McCormick, the national women's diving champion—who is Jerry's idol.

The scrapbook revealed some rather startling things.

In 1954, when Jerry was 10 years old, she learned to swim over in La Mesa under the auspices of the recreation department. In that same year, she started placing second and third in diving events. She tied for second place in a Fiesta del Pacifico meet.

In 1955, already a veteran at the age of 11, Jerry won a diving meet up in the San Joaquin Valley.

And then the honors started piling up.

In 1956 she won the Senior Women's Championship in San Diego County, both on the low diving board and the high board. She won the championship again in 1957, and again in 1958. The meet hasn't been held yet this year.

In 1957 she placed 10th in the National Senior Women's Diving Championships on the high board and 11th on the low board. And remember—she was only 13 years old.

That same year she won the Southwest AAU Junior Olympics title.

But we could fill this newspaper with the listings of titles and trophies that she has won.

A little breathless from the impact of all this, I asked Jerry just what kind of diving she does—having to admit at the same time that I had never seen her in action. She started to try to explain, gave up and went into the other room.

She returned with a small, hand-operated movie projector which can be stopped at any spot you wish. It had a colored movie of Jerry at a diving meet. I watched the picture roll past and I suddenly became a fan of Jerry the Diver. I'd already become a fan of Jerry the Girl.

"You go to school?" I asked.

"Yes," she said, "I'll be a sophomore at Mt. Miguel High School next fall."

"What subject do you like best?"

"Gym," she grinned.

"Ray Yeakle says you're going to be national diving champion one of these days," I said.

She grinned.

"When are you going to try it?" I asked.

"On the 16th," she said.

"Of this month?"

"Yes."

So when the Women's National AAU Outdoor Swmiming and Diving Championship meet opens in Redding on July 16, I'll have my ear tuned to the radio, one eye on the television set and one eye on the news wires.

Ranch Club Swim Team To Journey

Youngsters from the Carman Ranch Club swimming team will journey to El Centro Saturday (July 11) to compete in a municipal aquatic meet.

On Sunday they will compete in Chula Vista.

A team of boys 10 years and under set a new Pacific Southwest Assn. time for the 100-yard relay at a meet last week at El Nadadero Club in El Cajon. Tommy Langpap took a second place in the freestyle swim and Alice Irwin placed third in the butterfly swim.

A week earlier, the team placed high against competition at the Jewish Community Center. Tommy Langpap placed third in the freestyle; Paulette Horner 3rd in back stroke; David Dawson, 3rd in back stroke;

Eleven and 12-year-old relay team (Sam Sutherland, Danny Treinen, Steve Oliphant and Brian Yale) placed second; 13 and 14-year-old relay team (Tommy Langpap, Jim Harter, Stan Caravano, Don Nottingham) placed second; senior girls relay team (Alice Irwin, Sheila Donnelly, Karen Christy and Ellen Eddy) placed second.

The youngsters' team which broke the record at El Nadadero was composed of Philip Harter, David Dawson, Paul John and Billy Szuch. Their time was 1:05.0 to beat the previous record of 1:05.6 held by a team from El Nadadero.

The record-holding El Nadadero team was disqualified because one of the boys' feet left the edge of the pool before the other member of the team touched the edge.

Housing Shortage Grows: Profits For Vacant Lot Owner

Houses For Rental Yield 3 Times Greater Return, Say Experts

A recent evaluation of the investment market shows that owning a home for the purpose of renting it out for income, returns the owner 15% profit (if self managed) — approximately three times the return on money invested in stocks and bonds.

And, the beauty of rental property is that anyone earning $400.00 per month or more can become a landlord and enjoy the benefits of additional income.

If you own a "lazy lot"—a vacant lot or oversize backyard that costs you money in taxes and maintenance you can put a second home on the front or back of your property; a single or multiple unit on your vacant lot and start enjoying added income right now.

Harmony Homes, leading Southern California "on-your-lot" builders, will advise with you on the possibility of your building a home for income or occupancy.

Harmony Homes, builders of over 7000 homes, with 18 offices throughout Southern California are the only on-your-lot builders: 1. offering a written money back guarantee on every home they build, 2. granted indemnity agreements by every major title company in the area, 3. with a rigidly enforced quality control system. Harmony Homes build quality 2 and 3 bedroom homes ranging in price from $4245 to $8245 with 100% financing available depending on model and area.

Call Harmony Homes at Juniper 3-5333 and discuss your situation with a qualified building consultant, or drop in at Harmony Homes, 4880 El Cajon Blvd., San Diego, today.

drug store items. Hardware store, car upkeep and milk bills account for $20, $30 and $8 respectively. A once-a-week cleaning woman takes $40.

The article offers that a new philosophy of living has come to those who did not go through the old school of hard-knocks. Modern day couples are able to rationalize reduction of debt as savings.

It also is pointed out that the inability to save reaches the even higher income brackets . . . . so what chance is there for the smaller wage earner of which most of us are.

As a partial solution to the almost forgotten art of saving money only two possibilities exist: First, the magazine suggests, set an inflexible budget and adhere to it. The other way is to earn so much that it is impossible to spend it all.

From where we sit, one extreme is no less possible than the other.

☆ The business of developing one's personality is more important than that of regulating others'.

New Budget Won't Affect Rates, District Says

(Continued)

000 from last year) was adopted by the board of directors.

The new budget, which covers the 1959-60 fiscal year, includes $1,541,480 for construction projects. The largest portion of the construction budget has been earmarked for the replacement of over 80,000 feet of inadequate and substandard pipelines. $874,720 has been budgeted for this purpose. The remainder of the construction budget will be used in cement-lining cast iron pipelines, improving water pressure in portions of El Cajon Valley and Spring Valley, and numerous relocation and improvement jobs.

One feature in the 1959-60 budget is a $100,000 allocation for engineering studies including plans and specifications for a water filtration and treatment plant which is proposed for construction around 1965.

Though the new budget exceeds the budget for the 1958-59 fiscal year by more than $330,000, there will be no increase in water rates in the District during the next year, officials said.

"CITIZENSHIP"

The great freedoms which belong to citizenship in our nation are gifts to us. We are a nation under God. Every freedom we enjoy is a gift from God. It has been His decree that we should enjoy the liberty and prosperity lavished upon us. Liberty is also a gift from the generations which have gone before us. Men have fought and died in order that we might be free today. Acknowledge the gifts and the givers.

Del Mar To Open Debutante Event

Ninth running of the Del Mar Debutante, great summer classic for 2-year-old fillies which is one of the highlights of the 1959 seaside racing season opening here July 24, this week loomed as the most competitive in history with 135 eligibles in the lineup.

The six furlong dash was won last year by W. N. Modglin's Khalita, voted the second best U. S. filly of 1958. Khalita, sold as a yearling at the Del Mar Sales, netted first money of $29,130 out of a gross purse of $47,930.

This year's presentation, set for Sept. 5, is already worth $37,910 and that figure is expected to swell considerably with the addition of entering and startnig fees, plus possible supplementary nominations.

Among the record 135 fillies eligible for the 1959 running are J. J. Elmore's Echoic, winner of four out of five this season, including the rich Hollywood Lassie Stakes last week. Another topflight stakes-winner which will be pointed for the Debutante is Howard Keck's Nascania, triumphant in the Tanforan Lassie and Hollywood Nursery Stakes.

Letters To The Editor

Dear Editor:

Kindness and sympathy of Lemon Grove business firms is more deeply appreciated than any words of thanks can express.

Words alone are inadequate to express my true feelings to each and every one, as I feel you are friends rather than just merchants.

My sincere gratitude is given for the beautiful floral arrangement and the gift of money following the death of my husband. Both were deeply appreciated.

My baby and I are leaving next month for a few months to visit with my father and mother, Captain and Mrs. Frank Goreham, Nova Scotia, Canada, and my sister, Mrs. Cate in Vermont.

In the past ten years Keith and I have lived in Lemon Grove we have always felt this to be our home and community and that we were a part of it.

My thoughts and interest will remain while I am away as I intend to keep up with local affairs through the Lemon Grove Review.

Hollywood Highlights

By Bob Turnbull

Last Tuesday yours truly had a ball! And the people to thank are the men of Paramount Pictures. For on that day they invited most of the younger set of Hollywood entertainers to a unique afternoon premiere of the Red Nichols biopic, "The Five Pennies," a story of Dixieland music.

It was held at the Fox Wilshire in Beverly Hills. Hundreds of teenage boys and girls (mostly females) crowded the lobby as their young matinee idols filed by to view the color and Vista-Vision musical that stars Danny Kaye, Barbara Bel Geddes, Susan Gordon and Tuesday Weld. It features Bob Crosby, Louis Armstrong, Ray Anthony and Valerie Allen.

My date for the affair was Jacqueline Ravell, a very pretty dancer. We doubled with Marianne Gaba and Lee Anthony. Following the pic, signing autographs, interviews on live TV and deejay programs, the gang made it over to the new ice cream restaurant in Beverly Hills, "Blums," where actress Tuesday Weld hosted an ice cream party.

We were entertained by a zoot-suited Dixieland combo and fed pounds of goodies. Peter "Lawman" Brown and his wife, Diane Jergens, joined our table. Next to us was Judi Meredith and her escort Ivan Townsend Smith. The name list would fill this page, but believe me, "everybody" was there.

The thesping, color photography, editing, direction and musical scoring was of top notch quality in "The Five Pennies." Although at times they presented too much "tear-jerking," nonetheless it is a film that the entire family will enjoy. Armstrong's "When the Saints Go Marchin' In" and Kaye's 'Battle Hymn of the Republic" bring tears to the eyes and rhythm to the feet. Bel Geddes is great as Nichols' wife and, although in a small part, Valerie Allen is actively beautiful as a Broadway chorusline dancer.

The teenagers "dug" the Dixieland music, which should surprise nobody when you hear a genius at work. Don't miss Paramount's "The Five Pennies."

Until tomorrow, Vaya con Dios.

NEW FIRM — Less Hansen, veteran furniture man, stands in front of the furniture store he is opening this week at 9922 Campo Road, Casa de Oro, opposite Stan's Market. Hansen has been associated with wholesale furniture firms and furniture manufacturers for the past three years. Prior to that he was manager of a large retail furniture firm in Coronado. Hansen said his firm would specialize in maple furniture in the popular price fields but he would carry traditional, period and modern lines too. He will handle Hotpoint appliances and Simmons and Sealy mattresses. "We will stay within the popular price range and offer easy credit terms," he said. An "Open House" is scheduled for this week with coffee and donuts, gifts for kiddies, door prizes for adults, and organ music nightly being among the attractions.

Students Need Psychological Help, High School District Survey Shows

Seventy four out of every 1,000 students in the high schools of Grossmont High Schol District need psychological help, a clinical psychologist reported recently to a high school citizens advisory group.

Dr. Robert G. Kaplan, San Diego psychologist, this spring conducted a survey to determine the mental health needs in the district.

Out of 300 teachers in the District, which includes El Cajon Valley High, Grossmont, Helix, and Mt. Miguel high schols, 125 participated in the survey. Dr. Kaplan reports that teachers were asked to rate students regarding emotional adjustment in school. These ratings were possible: (A.) Children who the teacher felt should be handled by the school system's psychological staff, assuming that such a staff existed; (B.) Children who were felt to be so disturbed or so disrupting that they should be retained in school but treated by psychological treatment facilities outside the school; (C.) Children whose behavior is so disturbed or disturbing that they should be excluded from school.

Six hundred cases were reported out of an enrollment of 8,000, and approximately half these cases fall into two more serious classes mentioned in the ratings. Teachers felt that 3.6 percent were so disturbed that they needed psychological or psychiatric help outside of school, and some of these should be excluded from the school system because their behavior disturbed classes to such an extent.

Seventy-five percent of the responding teachers felt that a complete psychological service is necessary or desirable, and 83 percent of them felt the psychological program of the Grossmont Union High School District is not adequate. Teachers felt the program could be improved by more psychological diagnostic and treatment facilities, with counseling clinics for parents as well as for teachers, and with increased training for teachers in these areas.

Dr. Kaplan compared the results of the local survey with those of the Los Angeles City School's survey in elementary schols which showed that 7.5 percent of the children need some type of psychological service and 2.4 percent are in the seriously disturbed class.

Dr. Kaplan made the survey as a contribution to improvement of the program. He points out that the implications of the survey from a community standpoint suggest the need to establish more adequate psychological facilities within the school and more adequate psychological diagnostic and treatment facilities outside the school system, possibly in cooperation with other nearby school districts.

"The community involved in the survey might well want to investigate the provisions of the Short-Doyle Act in order to provide better facilities in the area," Dr. Kaplan said.
